A Proclamation Based on the Law.

TOPEKA, July 21.—Governor John A. Martin has issued the following proclamation relative to the admission of Texas cattle into the state:

STATE OF KANSAS,
EXECUTIVE DEPARTMENT,
TOPEKA, July 21, 1885.

WHEREAS, It is reported that large herds of Texas cattle from that portion of the state of Texas lying south of the thirty-fourth parallel of north latitude are moving northward through the Indian country and the Cherokee neutral strip, and

WHEREAS, Chapter 191 of the session laws of 1885, an act for the protection of cattle against Texas, epidemic or Spanish fever etc., provides that no person or persons shall between the first day of March and the first day of December of any year drive or cause to be driven into or through any county or part thereof in this state; or turn or cause to be turned or kept upon any highway, range, common or enclosed pasture, within this state, any cattle capable of communicating or liable to impart what is known as Texas, epidemic or Spanish fever, and

WHEREAS, Said chapter 191 of the session laws of 1885 declares that all cattle from south of the 37th parallel of north latitude are capable of communicating and liable to impart Texas, epidemic or Spanish fever; provided, however, that if the owners or persons in charge of such cattle shall show by such certificate or certificates as shall hereafter be designated by the live stock sanitary commission of this state, that said cattle had been kept since the first day of September of the previous year west of the east line of the Indian Territory and north of the thirty-sixth parallel of north latitude, or west of the 21st meridian of longitude west from Washington and north of the thirty-fourth parallel of north latitude, the provisions of this section shall not apply thereto.

Now, THEREFORE, I, John A. Martin, governor of the state of Kansas, do hereby direct all sheriffs, undersheriffs, deputy-sheriffs and constables of this state to promptly take charge of and restrain as directed by said act as above referred to, all cattle driven into, or attempted to be driven through, any county where such officer resides, and make immediate report of their action to the live stock sanitary commission. And I do hereby direct the special attention of the county attorneys of the several counties to the provisions of the act above referred to, and the duties imposed upon them by said act. The live stock sanitary commission is hereby directed to adopt effective regulations enforcing the provisions of chapter 191, session laws of 1885, and for punishing any violation of said act.

In testimony whereof, I have hereunto subscribed my name and caused to be affixed the great seal of the state.

Done at Topeka, this twenty-first day of July, 1885, by the governor.
JOHN A. MARTIN.
E. B. ALLEN, Secretary of State.

Every family should have a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy for use during the summer. Its prompt use has saved untold suffering, many lives and many doctor bills. It is the acknowledged standard, and can be depended upon, besides it is pleasant to take. It is put up in 25 cent, 50 cent and one dollar bottles.

In writing of that country, Mr. O. S. McClain, a prominent real estate dealer, 301 Fifteenth street, Denver, Colorado, says: "I removed here from Iowa in 1874. As a healthy country, Colorado has proved to be equal to my most sanguine expectations. The air is clear, pure and light. The water here in Denver is obtained from artesian wells, 600 feet deep, which are numerous in the city, and free from alkali, mineral taint and vegetable matter; but in many places the water is impregnated with alkali, and persons not accustomed to it are almost certain to be taken with cramping pains in the stomach, diarrhoea or bowel complaint of some form; and right here I wish to give my friends and the public a bit of advice, which is based on eleven years' experience. Chamberlain's Colic, Cholera, and Diarrhoea Remedy is a certain cure for alkali poisoning, cramping pains and diarrhoea. It's a remedy I would not do without for any consideration, and I have heard many such expressions from persons who have tried it."

—Habitual constipation is not only one of the most unpleasant, but at the same time one of the most injurious conditions of the human system, and is but a forerunner of disease, unless removed. This is usually accomplished by the use of purgatives, which for the time effect relief, but after their immediate effects have passed they leave the system in a worse state than before. To effect a cure it is necessary that the remedy used should be one that not only by its cathartic effects relieves the bowels, but at the same time acts as a tonic so as to restore the organs to a sound, healthy condition. This PRICKLY ASH BITTERS will do. It removes the cause and restores health.

These blanks, to be brief, are warranted to be perfect in wording, printing, quality of paper and all other essentials.

Big reductions made on lots of 500 or more.

The blanks here named will be added to constantly until we can supply every blank needed at the land office, whose printing by us is justifiable on business grounds. We mean precisely what we say, and wish every atom of Saxon in this statement to have its full weight: We are not to be bucked off the track by foreign opposition. We buy our printing paper in Kansas, and, as a rule, send for nothing outside of the state which can be had within it. When we know we are getting an article reasonably, we don't haggle about prices either. We aim to assert, in letters of living light, to be observed especially by land attorneys in this land district, that if any foreign agency offers bargains, you can, upon authenticating properly its offer, have it duplicated right in this office!

Don't send away for what you can buy reasonably at home. That is not the way to build up a country! If land agents will not work for the region of country in whose lands they deal, who can be expected to do so?

Cash must accompany all orders. Yours regularly,
W. S. TILTON,
Proprietor WESTERN KANSAS WORLD.
